

Sustainable Futures 2011

Monteverde Institute

Continuing Education Units in Costa Rica? YES!

36 Continuing Education Units

Dates: June 21 - July 1, 2011

Cost: \$3500*

The Department of Architecture, University at Buffalo/SUNY plans to offer the Costan Rican professional continuing education course (36 CEU) this summer! Contact us right away if you are interested! Depending on your interest we will apply for formal AIA certification of the courses.

The department has offered a summer study abroad program, Sustainable Futures, for students since 1993 in partnership with the Monteverde Institute. We are now offering you the opportunity to study architecture in a small community next to the pristine Monteverde Cloud Forest Preserve.

- Engage in lectures, workshops, and field trips
- Cover two years of AIA required Health Safety and Welfare/Sustainability credits
- Meet Costa Rica design professionals
- Learn about successful eco-tourism development
- Visit alternative energy generation facilities
- Learn from experienced faculty who have worked in Monteverde
- Develop competence in issues of design and sustainability in the tropics
- Work with client groups and students on local design issues

*Includes course fee, faculty, facilities, housing, and in-country travel
Many of your meals are also included. (Air fare and incidentals are additional).

Options: Bring your family! (Small additional cost for housing and food); see the country. Optional tours to beach and other tourist sites available for July 2 - 8.

If interested, please contact Lynda Schneekloth at lhs1@buffalo.edu
